1. ENFORCEMENT IN ARMLEDER PARK

Recently, the Cincinnati Park Board of Commissioners entered into an agreement with the Hamilton County Park District regarding Armleder Park located off of Wooster Pike in District Two. As a result of that agreement, the Hamilton County Park District will be responsible for the safety and security of the park.

Cincinnati police officers' authority for enforcement in the park is restricted by the terms of the agreement. Cincinnati officers cannot enforce Cincinnati Park Board rules or the County Park District's rules in Armleder Park. The agreement gives all enforcement authority to the County Park District's law enforcement officers.

Although the Hamilton County Park District is responsible for the safety and security of the real property, Armleder Park is still located within the City of Cincinnati. Therefore, with regard to criminal violations, the City of Cincinnati retains jurisdiction within the park regarding the investigation and enforcement of municipal and state law. Thus, if a crime occurs in the park and is brought to the attention of an officer, the officer should take any and all appropriate steps within the park to investigate the allegation and take appropriate enforcement action.

Please contact the Park Unit at line 352-4088 for specific questions regarding Armleder Park.

2. TRAINING ANNOUNCEMENT

Colonel Danny McKnight, the ground forces commander during the Mogadishu, Somalia battle depicted in the movie Blackhawk Down, will be in Cincinnati April 22, 2005. Colonel McKnight will be presenting a one-day seminar entitled "Blackhawk Down – Leadership Under Fire." The seminar is directed at police officers and supervisors and will focus on small unit leadership and the importance of commitment, integrity, and trust, to operational success.

The seminar is being sponsored by the Hamilton County Police Association and [attached](#) to these Staff Notes is a registration form. Department members interested in attending this seminar should forward a Form 70T, Request for Outside Training, through channels to the Police Academy. Questions may be directed to Sergeant Bret Isaac at 564-1061.

3. LIFESTYLE RISK REDUCTION SEMINAR

Attached to these Staff Notes is a brochure and registration form for a Lifestyle Risk Reduction Seminar being held on Saturday March 19, 2005. The seminar will be presented by the Assistance for Substance Abuse Prevention Center and will take place at the Health Foundation Conference Facility at 3805 Edwards Road, Suite 500.

Attendance is strictly voluntary and no compensation will be given for attendance. Officers are responsible for paying their own registration fees.

Questions may be directed to Elyce Benke at 458-6640 or via email at asap@healthfoundation.org. Additional information is available at www.healthfoundation.org/asap/events.

4. THE BREAST ANSWER GROUP SEMINAR

Attached to these Staff Notes is a brochure about the Breast Answer Group event being held at the Cintas Center on Thursday March 3, 2005. The Breast Answer Group is a collaborative group of physicians who head the breast centers of the major local hospitals. They have collaborated to offer an evening of education and inspiration. The presenters at the conference are all physicians or recognized professionals in the treatment of cancer.

5. THANK YOU LETTER

Attached to these Staff Notes is a thank you letter written to Captain Paul Humphries for the professionalism displayed by officers in our Department.

6. NEW FORM 390, CRIME SCENE ADMITTANCE LOG

New Form 390, Crime Scene Admittance Log, has been created. When a crime scene is established and secured with crime scene tape, the officer who initially secures the scene is responsible for the Form 390, Crime Scene Admittance Log. Every person who enters the inner perimeter of the crime scene must be documented on the log. Upon completion, the Form 390 is submitted to the unit responsible for the follow-up investigation and will be placed in the investigation case jacket.

To access the new Form 390, open the Word application. Select "New" in the file menu, select "General Templates" on the right-hand side of the screen and click on Form 390.

TRAINING ANNOUNCEMENT

One Day Seminar “Blackhawk Down - Leadership Under Fire, ” Presented by Col. Danny McKnight (retired)

Colonel Danny McKnight, 3rd Battalion, 75th Rangers Regiment, was the ground forces commander (depicted by Tom Sizemore in the movie Blackhawk Down) during the battle that occurred in Mogadishu, Somalia on October 3-4, 1993. In a place dubbed 'The Most Dangerous City in the World', the battle has been described as the most intense combat US forces have engaged in since the Viet Nam War and 10 times more intense than portrayed in the movie. The Colonel will reinforce the concept that small unit leadership-first line supervision, makes the difference in combat situations. He discusses the kinship of law enforcement officers and the soldiers he has led and that values like Commitment, Integrity and Trust apply to soldiers and police officers alike. His riveting account of the death of his friend, CW4 Cliff Wolcott, whose helicopter was shot down along with the recounting of MSG Gary Gordon and SFC Randy Shughart efforts to save helicopter pilot Mike Durant after his helicopter was shot down are compelling.

Cost \$ 75.00 Checks should be made out to the Hamilton County Police Association.
Space is limited, first come first serve basis.

Who should attend Law Enforcement Officers of all ranks and assignments.

Lifestyle Risk Reduction:

COMMUNICATING BOUNDARIES & EXPECTATIONS

Saturday, March 19, 2005

8 a.m.—registration
8:30 a.m. to 4 p.m.—workshop

**Health Foundation Conference
Facility**
3805 Edwards Road, Suite 500
Cincinnati, Ohio 45209

ABOUT THE WORKSHOP

This workshop is important because boundaries and expectations are one of the developmental assets most closely associated with alcohol and other drug use. The Lifestyle Risk Reduction approach is useful at any age, and can be used with youth, college-aged students, adults, and older adults.

Workshop participants will learn the roles that biological, psychological, and social factors play in the development of addictions and other problems. A Five Step Risk Reduction Process is presented, and the group will have the opportunity to practice applying the steps to scenarios.

Lifestyle Risk Reduction is a research-based approach that teaches persuasion techniques to change attitudes and behaviors about alcohol and other drug choices. This workshop gives participants a non-judgmental way of talking about these choices.

RCHs and counselor and social work CEUs will be provided.

This one-day training will provide information that can be used immediately. Information about additional training will be provided for people who want to be trained to implement a curriculum.

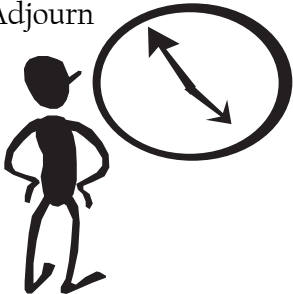

Who Should Attend

People who are looking for a way to talk about alcohol and other drug use choices with people of any age and anyone who is interested in doing his or her part in preventing alcohol and other drug problems are encouraged to attend.

Subject: Northside Thank You

Captain Humphries, on behalf of the Northside Court Watch team, I want to thank you and your staff for your recent assistance to District 5 on the Reflections Club bar liquor violation. As you are aware, there was a grisly murder that had taken place there on 2/12. In addition, there had been a drug transaction/fight at the same location in November (Samuel Jackson, Case B0411378).

It is through cooperating efforts such as this that makes our community a safer, more desirable place to live. We hope that in the coming months your teams will be able to provide assistance on other matters in Northside. We will provide our concerns and interests to our Neighborhood Officer, Terri Windeler for further consideration and action.

Again, thank you for your dedicated service to Northside and our City.

With kind regards,
Sharon Koehler
